Ribadavia

Ribadavia is a town and municipality located in the southwest of the **province of Ourense**, autonomous community of **Galicia**, Spain and a former part of the Kingdom of Galicia. The urban area lies on the right bank of the **Miño river** and the last course of the **Avia river**. It is the capital of the **comarca of the Ribeiro**.

The town was declared a **Historic-Artistic ensemble** in 1947. Near the Campo da Feira, one can find the ruins of the **Castle of the Sarmientos**, the Counts of Ribadavia, dating from the XVth century. It still preserves the interior, towers and walls.

Ribadavia is not only linked for wine, but also to the presence of **Jewish culture and history**. Its Jewish quarter is the most significant in Galicia, both because of its importance and because of its fine state of repair.

Who are we?

Omix Ribadavia

The Municipal Youth Information Office (OMIX Ribadavia) has been created to support the youth of our municipality within the framework of **non-formal** and **informal education**.

Together with **the European Volunteering** and **local volunteering**, we create a space for youth, to help them achieve their goals.

We actively support their participation by facilitating innovative free time activities, stimulating their creativity, developing different skills and sharing information.

Moreover, one of the most important aspects of our work is the **promotion of voluntary service among young people in order to encourage active citizenship**

We have experience in different European programs and have been working within the framework of youth mobility programs since the year 2007

OMIX Ribadavia is a member of the **Galician Youth Information and Documentation Network (RIX)** of the Xunta de Galicia.

We work as well in different areas such as:

- The preparation and coordination of local events and celebrations that take place in Ribadavia (Festa da Istoria, Virgen da Portal, Noite Meiga, Festival Artificial, San Xoan, Mostra Internacional de Teatro, ect.),
- Language workshops, annually.

Our team
